Pioneer

VSX-521-K • VSX-821-K 5.1-Channel 3D Ready AV Receivers

3D Ready with HDMI 1.4 connectivity, the VSX-521-K and VSX-821-K also offer optional wireless Bluetooth transfer of audio content to a home theater system. They both feature MCACC (Multi-Channel Acoustic Calibration) which analyzes the room's speaker configuration then optimizes each one to balance out any room-induced acoustic inaccuracies to provide an optimal, customized experience in any home theater room.

Otherwise the same, the VSX-821-K is compatible with iPod, iPhone and specifically designed to enhance the experience you get from them. The receiver comes with a USB/video cable - so there's no need to buy a separate dock to access all your music, videos, streaming content, and photos stored on your Apple devices.

- They decode HD Audio formats including Dolby True HD, DTS Master and Dolby ProLogic IIz height channel. Pioneer's proprietary Front Wide Mode adds versatility and dimension to a 5.1 speaker arrangement.
- ASR (Advanced Sound Retriever) enhances compressed audio files by restoring data from iPhone, iPod as well as satellite radio devices, delivering a music experience that is near CD quality.
- ALC (Auto Level Control) technology ensures consistent listening from all entertainment by equalizing fluctuating volume levels across digital audio tracks, TV channels and commercials that can cause unexpected disruptions to the entertainment experience.

VSX-921-K • VSX-1021-K 3D Ready AV Receivers

- Stepping up, the 7.1-channel VSX-921-K features Anchor Bay video processing to convert analog video sources to HDMI. For lower resolution video, advanced video processing lets you up-scale your picture to 1080p to best match the native resolution of your HDTV. With the VSX-921's superior video processing, you know the picture will be stunning, regardless of the source.
- One of the VSX-1021-K's step up features is AirPlay. With AirPlay you can stream music from iTunes to the VSX-1021-K and play it through your home theater system. You can even use the receiver to view metadata including song title, artist as well as album art on a connected display.
- Another VSX-1021-K step up is networking ability. Ethernet port allows full integration into your home network. With DLNA 1.5 certification, you can stream MP3, AAC, WMA, WAV, or even FLAC music files from your PC, laptop or smartphone to your home theater system. Also supports Internet Radio with vTuner, so you can enjoy 1000's of internet radio stations from around the world.

YAMAHA®

Natural Sound Stereo Receivers

Created by those obsessed with sound and for those who just love great music. Uncluttered extruded aluminum front panels, robust, silky touch knob designs and overall brawny appearances, make them a great choice to anchor an audiophile-grade music system.

Compatible with the optional YDS-12 wired, and YID-W10 wireless docks, the receivers deliver the best possible sound from iPods and iPhones.They also utilize a balanced system to receive their further reducing voltage noise for higher sound quality. They also include subwoofer outputs as well as a phono input.
Each incorporate ToP-ART with ART base chassis construction to fully protect audio signals from noise and vibration.
The R-S500 and R-S700 feature Yamaha's Zone 2 technology, while the R-S700 even provides a second remote unit for controlling operation of the main system from Zone 2.

R-S700: 2 x 100W *(YARS700BL)*.....**499.95**

YAMAHA®

AVENTAGE A/V Receivers

The result of unparalleled attention to detail in design, engineering and fabrication, the AVENTAGE series brings studio-grade sound and sophisticated video enhancements to the home at a reasonable price.

Each receiver features 7.2 channels with full HD Audio decoding, iPod compatibility (with optional dock); Bluetooth compatibility; HDMI V.1.4a 3D Pass-through with ARC (Audio Return Channel); Four SCENE buttons; Compressed Music Enhancer; Low Jitter PLL Circuitry; YPAO room optimizer; and analog-to-HDMI 1080p video upscaling. They offer Deep Color (30/36 bit) technology, x.v.Color, 24Hz Refresh Rates, audio input assign capability for HDMI and component video inputs and Auto Lip-Sync compensation, which automatically eliminates audio/video sync issues.

Pproprietary Cinema DSP 3D audio processing complements 3D television technology and provides extra height dimension to allow more engaging 3D video, through the use of 3D Virtual Presence technology—eliminating the need for extra front speakers.

The RX-A2000BL and RX-A3000BL incorporate the exceptional HQV Vida video processing chipset to ensure peak video performance. And all except the RX-A700 feature dual HDMI or Zone B output capability for convenient dual HDTV viewing for the main room or use in a secondary room to share all available main system HDMI sources.

ONKYO

TX-SR309 5.1-Channel A/V Surround Home Theater Receiver

The TX-SR309 supports Dolby TrueHD and DTS-HD Master Audio which deliver high definition, lossless audio. These formats are carried by three HDMI 1.4 inputs that also support 3D video content as well as Audio Return Channel (ARC), Deep Color, xv Color, Lip Sync, and several Dolby and DTS audio codecs. So if you've got a 3D-ready HDTV and 3D glasses you're ready to enjoy high-powered immersive visuals to match the detailed, low-distortion audio this receiver delivers

- Three HDMI 1.4 inputs let you simultaneously connect high-def sources such as a Blu-ray player, a gaming console, and a cable/satellite tuner. HDMI 1.4 adds the exciting possibilities of 3D video and an Audio Return Channel. Audio content received directly by your HDTV's tuner can be sent "upstream" to your A/V receiver, without the need for a separate S/PDIF audio cable.
- Can decode Dolby TrueHD and DTS-HD Master Audio as well as Dolby Digital Plus and DTS-HD High Resolution Audio.
- Proprietary Universal Port lets you connect an optional UP-A1 Dock for iPod or UP-HT1 HD Radio Tuner.
- Front-panel audio input for portabled devices
- Overlaid On-Screen Display (OSD) via HDMI

#ONTXSR309 ..... **249.00**

TX-NR509 5.1-Channel Network-Ready A/V Receiver

Networking ability of the TX-NR509 takes you one step closer to fully integrated home entertainment. Audio files on your computer and streaming internet radio can both now be played through your main system, with fidelity far beyond what you're used to on a PC.

- Up to 5.1 Channels of Immersive Audio
- Four HDMI 1.4a inputs and one output
- Multiple sound processors
- Four DSP audio gaming modes
- Support for xv Color and Deep Color
- Universal port for optional dock or optional HD radio receiver
- Download Onkyo's Remote App, and you can use your iPod or iPhone as a remote control for the system.
- Front-panel USB port that offers a digital link for your iPod, iPhone and USB storage devices,
- Audessy Dynamic EQ
- Audessy 2EQ With Dynamic EQ
- Subwoofer crossover adjustment
- Music optimizer for compressed MP3 files
- Second zone stereo audio allows you to send a stereo audio signal to a second room equipped with an amp and speakers.
- Direct Mode outputs the input source without surround-sound processing.
- On-screen set-up menus appear overlaid on the video image you're watching for easy adjustments of the system.

#ONTXNR509 ..... **349.00**

TX-NR609 7.2-Channel Network-Ready A/V Receiver

Featuring THX® Select2 Plus Certification, the TX-NR609 steps up with six HDMI 1.4 inputs, along with an analog RGB video input. It can also upscale standard video source materials like 480i/p, 720p, and 1080i/p all the way up to 4K x 2K. Upscaling is powered by a video chip from Marvell Qdeo, a video processor that utilizes algorithms designed to eliminate video noise and artifacts like "jaggies" and feathering.

- THX Select2 certification means it meets the world's most demanding standards for audio quality and performance, and must play at reference volume levels with minimal distortion. THX Select2 Plus certification is specified for rooms where the screen to-seat viewing distance is 10 to 12 feet and the room volume is around 2000 cubic feet.
- WRAT (Wide Range Amplifier Technology) provides an improved dynamic S/N ratio and better delivery of momentary power peaks from all other formats, including high-definition and regular DVDs, HD broadcasts, and digital files such as MP3s and gaming.

HT-RC360 7.2-Channel Network-Ready A/V Receiver

A versatile networking A/V receiver, the HT-RC360 does more than just handle all your favorite disc-based movies, games, and music. Thanks to its network function, it also lets you bring to your living room a range of audio content from the internet or your PC. Six HDMI inputs—including one on the front panel—let you enjoy all the latest A/V formats: immersive 3D video; ultra-high resolution 4K video upscaling via Marvell Qdeo; lossless audio from Dolby and DTS; and expanded surround sound from Audyssey DSX™ and Dolby Pro Logic IIz.

ONKYO

HTX-22HDX Ultra-Compact HD Home Theater System

Movies and games look great on today's widescreen TVs, but the audio from a typical flat-panel display leaves a lot to be desired. With its basic 2.1-channel configuration, the HTX-22HDX gives you a combo subwoofer and A/V receiver plus two front speakers for stunning mid- and high-range audio. Three HDMI 1.4 inputs let you hook up a Blu-ray player, console, and cable/sat tuner. HDMI 1.4 is not only compatible with 3D video, it also lets you run an Audio Return Channel from your display's tuner back to the receiver. The HTX-22HDX handles HD formats from DTS and Dolby; offers four audio modes for gaming; and includes Theater-Dimensional which creates an immersive and convincing surround effect through just 2.1 channels.

#ONHTX22HDX **300.00**

HT-S3400
5.1-Channel 660W Home Theater System

A future-ready receiver-and-speaker package that won't break the bank, the 5.1-channel HT-S3400 redefines entry-level home theater. It features four HDMI 1.4 Inputs with 3D and ARC to hook up a Blu-ray player, game console, and cable/satellite box— which can be output via a single cable to a high-res display. Supports lossless HD audio formats from Dolby and DTS. It also provides an overlaid On-Screen Display function for easy adjustment of settings; a Universal Port for one-cable connection of peripherals; Audyssey equalization; four gaming audio modes; and a fully immersive, beautifully balanced 5.1-channel speaker set.

#ONHTS3400 ..... **329.00**

HT-S5400
7.1-Channel 780W Home Theater System

At the heart of this 7.1-channel system, is the A/V receiver sporting four HDMI® 1.4 inputs with 3D and ARC—enough for all your high-def sources. With the HT-S5400, you can also adjust settings on the fly with a handy overlaid on-screen display. The receiver offers a broad range of connections, such as a front input for portable devices and a Universal Port for one-cable connection of the included Dock for iPhone/iPod. High-quality Burr-Brown DACs ensure pristine analog conversion of all digital audio sources, including HD audio formats from Dolby and DTS. Dolby®Pro Logic IIz gives you the option of a new height-channel set-up with the included 7.1-channel speaker package.

#ONHTS5400 ..... **Call or Log-on**

HT-S6300 7.1-Channel 960W Home Theater System

The HT-S6300 features four HDMI 1.3a inputs to handle 1080p video as well as DolbyTrueHD and DTS-HD Master Audio™—two lossless decoding formats carried by Blu-ray Disc (BD) that enable delivery of a bit-for-bit soundtrack identical to the studio master track. The receiver also handles two "lossy" audio formats: Dolby® Digital Plus, which is designed to accompany high- definition video; and DTS-HD High Resolution Audio™, which offers a greater bit rate, a higher sampling rate, and more channels than the core. Compatibility with Dolby Pro Logic IIz gives you the option of incorporating front height channels into your home theater set-up. Another BD-related technology is DTS-HD Express, which provides access to secondary audio features. A proprietary Universal Port allows single-cable connection of the included Dock for the iPod or an optional Onkyo DAB+ Radio tuner.

#ONHTS6300 ..... **Call or Log-on**

HT-S9300THX 3D-Ready Home Theater in a Box

With exquisite HD surround sound reproduction, THX Integrated System Plus, HD 1080p Deep Color processing, and Blu-ray compatibility, the HT-S9300THX brings the movie theater experience right into your home.

Receiver features (4) HDMI Version 1.4 inputs, (2) component video inputs and it connectivity to your iPod with the optional UP-A1 connector. Add HD radio with the addition of the optional UP-HT1. The included wood-cabinet speaker system is capable of reproducing clear dialog and superb surround sound special effects, and the 290W, 12" subwoofer is certainly ready to rumble. The 130 W per channel x7 receiver that includes Burr-Brown audio DACs that work alongside PLL jitter-cleaning circuitry to get the best out of lossless Dolby and DTS formats, as well as the expanded height channels of Dolby Pro Logic IIz. Also offers overlaid Graphical On-Screen Display (OSD) via HDMI, and Audyssey 2EQ for room correction and speaker calibration. With a front-panel mini-input jack, and connectivity to virtually any A/V source you can imagine, your entertainment choices are endless.

IN-WALL & IN-CEILING SPEAKERS

More than any other component, speakers define the sound of an audio system. In-wall and in-ceiling speakers have made tremendous strides in recent years to the point of competing with their cabinet-style counterparts. Thus, many are turning to in-wall/ceiling solutions to maximize their living space. Extremely popular with interior designers and decorators, they offer a clean, minimalist look and near-invisible presence, thanks to their camouflage grilles. When installing your next system, you may want to consider the excellent products listed below for a heard-but-not-seen experience in a home that truly emanates music.

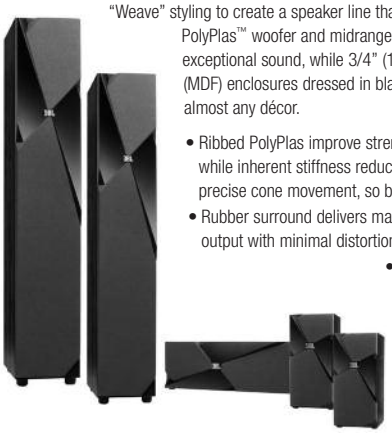
JBL STUDIO 1SERIES



Studio 1 series speakers combine legendary JBL performance with their exclusive new "Weave" styling to create a speaker line that looks as stunning as it sounds. Proven PolyPlas™ woofer and midrange drivers and CMMD Lite tweeters create exceptional sound, while 3/4" (19mm)-thick medium-density fiberboard (MDF) enclosures dressed in black vinyl become a welcome addition to almost any décor.

- Ribbed PolyPlas improve strength for low-distortion bass performance while inherent stiffness reduces distortion further. Light weight allows for precise cone movement, so bass instruments sound crisp, not boomy.
- Rubber surround delivers maximum cone excursion for increased bass output with minimal distortion
- CMMD Lite dome transducers feature extreme stiffness and damping eliminating unwanted resonances for clear, extended high-frequency performance.
- JBL Bi-Radial® waveguide on the floorstanding speakers optimizes the tweeter radiating pattern to provide a broader soundstage
- Studio 130 features 4-inch woofer and 1-inch high frequency transducer, the 120C adds another 4-inch woofer. The Studio 180 features 6½-inch woofer, 4-inch midrange transducer and and 1-inch high frequency transducer, the 190 adds a second 6½-inch woofer.
- Studio 120C and 130 features gold-plated binding-post connectors that work with any type of speaker wire and termination. Users can experiment with exotic wire types.

Infinity TSS 3-in-1

Three Channel, Single-Enclosure Loudspeaker

The TSS 3-in-1 will instantly and dramatically upgrade the sound of any television connected to an A/V receiver. As part of a complete home theater system, it will deliver the left, right and center channels with all the finesse of the three separate speakers it replaces, delivering crisp dialogue and spacious imaging.

Available in charcoal, the TSS 3-in-1 can be wall-mounted using its included swivel-wall-mount bracket, making it ideal for placement above or below flat-panel displays, or above a TV set or entertainment center furniture. Also includes a support cradle that enables it to be placed on a shelf.

- Rigid extruded-aluminum enclosure reduces unwanted resonances.
- Room-friendly acoustical waveguides for more accurate high-frequency response across a wider listening area
- Dual 3½" MMD woofers and 3/4" MMD tweeter for each (left, center & right) channel.
- Can be combined with Total Solutions surround speakers and a powered subwoofer to create a complete home theater loudspeak.

polkaudio SurroundBar6000

Instant Home Theater System

The SurroundBar6000 is slimmer, larger, deeper and smoother, plus adds Polk's patented SDA Surround. This makes it the ultimate single-speaker surround sound system for wafer-thin flat-panel TVs, and includes on-board digital processing and a separate compact wireless subwoofer you can put anywhere for enhanced bass effects.

- Less than 2" deep, the SurroundBar 6000 complements new slimmer flat-panel TVs. Its lightweight and easy-to-mount on the wall or on your shelf. All the hardware you need is included, too. High gloss details match today's TV styling.
- Deep, authoritative bass comes from the compact wireless subwoofer in a stylish cabinet. A flared J-Port design optimizes the bass for bigger volume, reducing port turbulence for smooth blending. In addition, universal port tuning in the SurroundBar itself guarantees ideal mid-bass response and smooth subwoofer blending whether it's mounted on a shelf or on the wall.
- Digital SDA Surround uses complex algorithms to reproduce multiple audio channels without requiring multiple speakers. Even without any complex set up or menu calibrations, and no additional speakers, your ear actually hears sounds directed to audio channel locations (L, R, rear).
- With on-board Dolby Digital, just connect your TV, DVD or Blu-Ray player, or gaming console directly via optical or analog inputs and experience the magic of single-speaker surround sound.
- SmartBar™ programming enables the SurroundBar 6000 to easily learn volume up/down and mute from your existing TV remote control. You'll use only one remote for the SurroundBar and your TV.

#POSB6000.....**499.95**

polkaudio PSW111

8" Down-Firing 150-watt Subwoofer

Ideal match for the SurroundBar 360°, you can put the PSW111 practically anywhere and you won't believe the punch such a small subwoofer packs.

- LFE, line and speaker level inputs, and speaker level inputs allow easy connection to any system.
- Intelligent amplifier puts out gobs of power, but uses very little power at low volumes or standby mode.
- State-of-the-art Klippel Distortion Analyzer to help optimize the woofer's motor structure, voice coil alignment and suspension bringing you the best possible performance even at extreme listening levels.

#POPSW111B.....**299.95**

Velodyne Impact Series

Low Distortion Subwoofer

Affordable high-output, low distortion subwoofers, they feature beautiful cabinets with black gloss lacquer trim to fit in any decor, while their deep, defined bass brings movies and music to life. They include MDP amplifiers with more dynamic headroom for high impact, 2" copper-wound voice coils and an adjustable, high quality crossover system to perfectly match the subwoofer with the main speakers in the room. The Impact-10 and 12 feature a down firing port for high output and low distortion. The Impact-Mini, with a 6.5" forward-firing driving and 8" down-firing passive, produces amazing bass from a tiny cabinet. They include 3-year (electronics), 5-year (drivers) warranty.

Impact Mini *(VEIMINI)*: 300W dynamic, 180w RMS amplifier.....**399.00**

Velodyne VX-11

10" 100-watt Powered Subwoofer

The VX-11 is a high-quality subwoofer that provides substantial bass output in a stylish design. The CAD-designed cabinet is acoustically-neutral, and features a rear bass port for extended low frequency response. The 10" long-throw polymer-reinforced fiber cone is powered by a 100W RMS Class-D amplifier for powerful and efficient performance. The variable crossover system ensures that the subwoofer will perform admirably with any speaker system.

Lifestyle® V25 • Lifestyle® V35

Home Entertainment Systems

The Bose® Lifestyle® V25 home entertainment system brings premium performance to your movies, music, sports and video games – with simplicity like never before. The system comes with an iPod/iPhone-compatible dock and a built-in FM/AM radio for more music-listening enjoyment. Easy to set up, the system lets you connect up to 6 HD and music sources – such as your Blu-ray Disc™ player, cable box, gaming system – plus your iPod or iPhone. It's engineered with exclusive Bose Unify™ technology, which guides you through the setup process. It even verifies the connections you make, so you can be confident you've set it up correctly. Bose Unify™ technology makes using and controlling your sources simple, too. Clear, on-screen menus provide all the information you need for the sources you've connected. The Lifestyle® V25 system includes a Bose universal remote control that simplifies the programming process. With just a few button presses, it identifies almost any source and programs the remote to control it. The remote features an LED backlit screen for ease of use. The system also features ADAPTiQ® technology to analyze and adjust the system's sound to the size and shape of your room. Exhilarating sound is delivered from Direct/Reflecting® speaker arrays (or award-winning Jewel Cube® arrays on the V35 system) which blend elegantly with your décor. An Acoustimass® module adds deep, emotional intensity while hidden out of sight.

Full HD 3D Blu-ray Home Theater Systems

SC-BT270

Panasonic's 3D Blu-ray Disc home theater systems reproduce 3D with superb picture quality and cinema-like surround sound. They also feature built-in Wi-Fi, Universal Dock for iPod/iPhone and Skype compatibility. They deliver powerful 3D images with dramatic effects, enhanced depth, luster and texture, and allow you to tailor the image display.
The 3D Effect Controller adjusts the amount of the depth effect for more expansive images, enabling you to enjoy 3D movies with exactly the preferred level of 3D effects.
Cinema Surround Plus compensates for the lack of a surround effect to provide natural smooth surround sound and offers an enhanced surround effect from above and around.

For space-saving elegance, the sleek, ultra slim main component measures just 1.5" high. The systems are designed to ideally match a flat panel display. Easy to install, the SC-BTT770 comes with rear wireless speakers (available for the SC-BTT370), so there is no need for unsightly wires across the room.

The SC-BTT3700 and SC-BTT770 feature VIERA CAST with Skype allowing you to connect with friends and family around the world on any compatible TV. Convenient Auto Answering Video Message feature answers incoming calls and records video voicemail messages. These models also include a down-firing subwoofer, which achieves powerful bass. They are equipped with one HDMI output and two HDMI inputs with Standby Pass through for HD and 3D gaming and set-top box connections.

YHT-S400 2.1 Sound Bar System

Consists of subwoofer-integrated receiver and extremely slim front speaker that fits in front of almost any TV. Sound bar is 2" high, and for installation flexibility, the feet can be adjusted horizontally or vertically, or taken off entirely. With the subwoofer integrated into the receiver, users can easily connect to a full-featured receiver without adding a separate component and can place the unit in a rack or on the floor in tight spaces. Also offers 7-channel discrete inputs, AM/FM tuner and connectivity to virtually any A/V source. *(YAYHTS400BL)* **399.95**

SAMSUNG

HW-D450 • HW-D451 • HW-D550 • HW-D551
Crystal Surround Air Track Active Speaker Systems

Samsung's Crystal Surround Air Track Active Speaker Systems provide high-quality spacious sound in an unobtrusive design. The slim receiver has an integrated active speaker system, eliminating the need for the satellite speakers and messy cabling. The compact subwoofer communicates wirelessly with the main unit to provide enhanced bass response without running cables across your room. Otherwise the same, the HW-D550 and HW-D551 step-up with 2 rear-panel HDMI inputs and one HDMI output.

- Samsung's Virtual Surround delivers surround sound effect without additional speakers. Utilizing just two stereo speakers, your ears will barely be able to distinguish the efficient, powerful 2.1 channel system from larger, more complex 5.1 and 7.1 channel systems. With "3D audio depth" technology, the wireless subwoofer supports the low end of the audio spectrum with thundering bass.
- Supports Dolby Digital and DTS digital audio to provide immersive 5.1 audio. The receiver has analog and digital audio inputs. There are 7 different sound modes that let you optimize the system's performance based on the type of content you want to enjoy.
- Create a sophisticated gallery effect by mounting the CrystalSurround AirTrack directly beneath your HDTV. And with its wall mounting bracket, nothing could be simpler.
- The included wireless remote can control the system, as well as your television. A TV hotkey lets you perform various operations with a single press. 280-watts

HW-D7000 Integrated Blu-ray 7.1 AV Receiver

The HW-D7000 is 7.1 channel AV receiver with 3D Blu-ray playback and web-based services in one integrated component. It can also access content via Smart Blu-ray features like Samsung Apps and stream movies and music from web-based services like Netflix and Pandora. It has built-in Wi-Fi and is DLNA-certified so users can share content between certified devices.
Has a brushed metallic finish and a high-gloss panel that hides an integrated Blu-ray load-in slot. Sophisticated touch screen panel lets you softly press icons on the display to navigate the system. Supplied remote can control the receiver and Blu-ray.
Equipped with a 7.1 channel amp, the receiver supports Dolby TrueHD and DTS HD Master Audio as well as Dolby Pro Logic IIz, which creates an extra height channel for an enhanced spatial sound experience. Features 3D Sound with 120 watts per channel, delivering powerful, theater-like sound to the room.
Has four HDMI 1.4 inputs with 3D video pass and ARC (Audio Return Channel), which enables the user to use one HDMI cable to transfer audio from the TV back to the receiver.
#SAHWD7000 ..... **Call or Log-on**

HT-D550 1000-Watt 5.1-Channel Surround System

System includes four satellite speakers with a low-profile center channel and a powered sub-woofer backed by 1000W total power.
The integrated DVD player/receiver features digital surround sound and wide connectivity including two HDMI inputs. Playable disc types include DIVX (including XVID), MP3, WMA, WMV and JPEG. Also offers 1080p upconversion via HDMI output. 8 DSP modes simulate the acoustic environments of a rock concert, theater, etc. For convenience, Auto Sound Calibration (ASC matches the audio to your room's unique acoustics via the included calibration microphone.
#SAHTD550 ..... **195.00**

SAMSUNG

HT-D5300 • HT-D5500 1000-Watt 5.1-Channel Surround System

These systems feature 1000W receiver with integrated Blu-Ray Disc player. They offer support for HDMI 1.4, so you can enjoy 3D entertainment in your home. Audio Return Channel lets you enjoy TV sound from the speakers using a single HDMI cable. They also feature advanced Dolby and DTS decoding, fast booting and loading time, Samsung Smart TV, Auto Sound Calibration, and built-in iPod/iPhone dock. The HT-D5300 is Wi-Fi ready (requires an adapter) and offers 1080p upscaling of standard DVD discs. The HT-D5500 steps up with built-in Wi-Fi, 2D to 3D conversion and Samsung's Crystal Amplifier which eliminates distracting distortion by quickly sensing signal changes and enhancing response speed.

#SAHTD5300 ..... **395.00**
#SAHTD5500 ..... **475.00**

The HT-D5500, HT-D6500, HT-D6730W and HT-D7530 all feature:

They support the complete 3D experience with 3D Sound Plus technology. 3D Sound Plus does for audio what the 3D processor and emitter do for video by creating the most immersive 3D experience yet. Viewers will like they are part of the action as 3D Sound Plus technology dynamically generates 3D audio to complement and enhance the 3D video playing onscreen. For example, a rocket ship blasting off will not only leap out of the screen, but 3D Sound Plus will create 3D depth sound – vertical surround and horizontal sound waves – to make the viewer feel like the rocket ship is lifting off from their living room. Built into the included 3D Blu-ray player, the 3D Blu-ray home theater portfolio features integrated support for 3D Sound Plus.

HT-D6500 1000-Watt 5.1-Channel Surround System

Experience 3D entertainment with this 5.1-channel, 1000W system. Treat your eyes to captivating 3D depth and clarity – even upconvert existing 2D titles to 3D. Advanced "3D audio depth" technology lets you experience the sounds that accompany the sights. Samsung Smart Blu-ray™ puts the best of the web at your fingertips with Samsung TV Apps. And built-in WiFi means you're ready to connect right away. System includes two half-tall front-channel speakers — featuring proprietary Super Tweeter with Wideband Amp, two wireless rear surround speakers, a center-channel speaker, and a subwoofer. Super Tweeter xpands the range of high frequencies up to 50kHz so that listeners can experience robust sound quality even at high frequencies.

#SAHTD6500 ..... **640.00**

HT-D6730W 1330-Watt 7.1-Channel Surround System

All the features of the HT-D6500, this system has a high-end midnight black, glossy finish and consists of six speakers: a wide center channel speaker for clear dialogue, a large but unobtrusive passive radiator subwoofer, two tower super tweeter speakers that include embedded height channel speakers and two surround speakers. The speakers operate without protection grilles, improving sound clarity and giving them a stylishly retro appearance. Samsung's innovative Swivel Head Speakers create a clean look while delivering an immersive, vertical surround sound experience.

Plasma HDTV

LG's Plasma TVs pack a huge amount of great high-end specs and convenience features into a wafer-thin 1" (25.4mm) frame which raises the plasma performance bar in its very reasonable price range. The 720p PT350 series combines Dynamic Contrast which delivers a ratio of 3,000,000:1, with 720p HD and the Dual XD Color Engine to offer a remarkable TV by any standard. It also employs an Intelligent Sensor to automatically calibrate the optimal settings and Picture Wizard II which allows easy do-it-yourself calibrations to suit your needs. The 600Hz Subfield Drive flashes the plasma sub-pixels 10 times per second, rendering crystal-clear, judderless action which will definitely make gamers and sports fans happy. Wide connectivity includes multiple HDMI inputs and USB port.

- Stepping up, the PW350 series is 3D-ready with a 2D to 3D conversion feature that adds a 3D effect to 2D television, movies, sports, video games and images, at the touch of a button.
- The PV450 series offers Full HD 1920 x 1080 resolution (not 3D-ready)
- The 3D-ready PZ550 series adds built-in Wi-Fi and DLNA Certified
- The top-of-the-line PZ950 series is THX 3D Certified, incorporates a TruBlack Filter, and features Smart TV which lets you access limitless content, thousands of movies, customizable apps, videos and the best of the web all organized in simple to use interface.

X102 3D Active Shutter Glasses

Gives you the brightest image possible, while Extended White-Light Range means you can use them in larger rooms without losing the 3D effect. Batteries last up to 120 hours thanks to Automatic Off feature. Glasses require no installation — just turn them on and put them on.

ViewSonic

N1630w
15.6-inch 720p HD LCD TV

The perfect compact display/ PC monitor for areas where space is tight such as dorms, kids' rooms, dens, kitchens etc. The N1630W features 1366 x 768 resolution with 10,000:1 contrast. It features HDMI input, 5ms response time and wide viewing angles. Integrated ATSC/QAM tuner receives digital terrestrial and cable broadcasts. 2.5W stereo speakers complete the experience.

#VIN1630W **189.95**

VT1900LED • VT2300LED
19- and 23" Widescreen LED HDTVs

The VT1900LED and VT2300LED are LCD TVs but backlighting is provided by LEDs. That makes them highly efficient, and are expected to last as long as 30,000 hours.

- They can also be used as a PC monitor. They support resolutions from VGA (640 x 480) all the way up to HD (1366 x 768) on the VT1900LED and Full HD (1920 x 1080) on the VT2300LED
- Advanced ClearPicture image processing eliminates video noise, increases contrast and detail and optimizes color for rich, vibrant images. High-definition images look amazing and even standard television images are unbelievably smooth and sharp.
- Ultra-high brightness of 300 cd/m² (typical), dynamic contrast ratio of up to 8000:1 provide vibrant and vivid video and crisp data images in the living room or on the desktop.
- Mercury-free LED backlight uses less energy but produces more vivid colors—blacker blacks and brighter whites.

- Full HD 1920 x 1080p resolution
- Four HDMI inputs
- For even more entertainment options, AllShare DLNA Networking lets you connect to your home network and stream music, videos, and photos from other DLNA Certified devices (your computer, network storage drive, etc.) to the TV.
- "Game mode" turns off much of the picture processing for a faster video response. Ideal for fast-paced video game systems.

The 40" and 46" D630 models step up with Auto Motion Plus 120Hz with Clear Motion Rate technology allowing you to watch fast action with incredible smoothness.

LED backlighting is not only more energy-efficient than its CCFL counterpart, it allows for a slimmer television design, allowing these monitors to check in at just just over an inch deep without their stand. Samsung's ultra-thin bezel design adds to the visual appeal, making these displays almost all screen, and a worthy addition to almost any room.

D6000 • D6300 Series LED HDTV

Step-up features from the D5500 Series:

- Auto Motion Plus 120Hz with Clear Motion Rate technology allowing you to watch fast action with incredible smoothness.
- Absorbing ambient light, Samsung's Ultra Clear Panel eliminates reflections, boosts contrast ratio, and creates a comfortable viewing environment. Enjoy crisp image details, natural skin tones, excellent shadow detail, and vibrant colors.
- They offer a world of web-connected TV entertainment with Samsung Smart TV. Built around the Smart Hub interface, Samsung Smart TVs allow you to easily search for movies, TV shows, browse the web, explore Samsung apps, chat with friends and find many other types of new interactive TV content.

– HDTV-based application store with over 200 downloadable Samsung Apps (paid and free) help people connect to their passions – whether in sports, entertainment, information, games or etworking.
– Allows users to easily search for content on the TV and via Samsung Apps or other online services.
– Your Video delivers recommendations based on a user's viewing history.
– Web Browser (D6300 series only), offering full web browsing directly from the TV.

SAMSUNG

D6400 • D6500 Series 3D LED HDTV

Step-up features from the D6300 Series (except no Web Browse):

- Connect to a Blu-ray 3D player to play 3D titles or intensify your viewing experience by upconverting favorite 2D shows to to 3D in real time for the ultimate "reality" TV. 3D Active Glasses sync up with the D6400 series to produce 3D images that virtually leap off the screen.
- Incorporates ONE Design ultra-thin bezel. The ONE Design concept reduces the size of the bezel to just 0.2" wide, so you can enjoy a virtually edge-less TV viewing experience. The TV also blends in with and complements its surroundings with a touch of class. And with the new ultra-slim bezel design, you'll be able to put a larger TV screen in the same space previously occupied by a smaller model.
- With Samsung 3D Sound, viewers can enjoy the thrill of both audio and visual "pop out" based on the synchronization of 3D video and audio.
- Auto Motion Plus 120Hz is combined with Samsung's unique double-rate frame transition technology – the world's fastest – to further reduce the picture frame transition time by 50% to enhance the viewing quality of 3D content.
- 3D peak algorithm enhances peak brightness by 20% while reducing power consumption by 15% in 3D scenes. The technology automatically adjusts brightness levels in dark scenes to ensure every 3D scene is bright and life-like.

D6500 Series Only

- Built-in 802.11 Wi-Fi
- Enjoy the convenience and0 connectivity of free, IP-based, picture-in-picture video calls via Skype, right from your couch.

D7000 • D7900 • D8000 Series 3D LED HDTV

With a 240Hz refresh rate, 2 millisecond motion picture response time (MPRT) and improved LED backlight scanning, the LED D7900 and D8000 offer true-to-life 2D, 3D and HD images with outstanding clarity. In addition to the Ultra Clear Panel, they offer Micro Dimming Plus technology to provide the richest, most lifelike pictures with deep blacks and pure whites. Otherwise the same, the D8000 includes two pairs of active rechargeable 3D glasses to get you started. Samsung's active glasses are lightweight and comfortable, and will fit right over your prescription glasses.

The LED D7000 also incorporates improved backlight scanning technology and Auto Motion Plus, Samsung's proprietary frame interpolation algorithm, to create sharp 2D and 3D pictures and smooth frame transitions without blurring, even for video moving at top speeds.

For the ultimate Smart TV experience, the D7000, D7900 and D8000 Series include a QWERTY keyboard remote, making it easy to search and discover new content with the push of a button.

PLASMA HDTV

With sharp 2D and 3D images, virtually no motion blur, deep blacks and vivid colors, Samsung's Plasma line offers jaw-dropping picture quality uncompromised by its sleek, elegant design. Plasma +1 narrow bezel design delivers even larger screen sizes than previously available so you can enjoy outstanding immersive experience. For TV shows and movies, the innovative 600Hz subfield motion technology renders even the fastest-moving scenes with the utmost clarity and precision, so that each detail is crystal-clear. Advanced 3D technology makes the thrills truly come alive once you experience the depth and realism of 3D movie titles and TV programming.

D450 • D490 • D530 • D550 Series

The D450 and D490 feature 720p resolution and 600Hz Subfield Motion technology which ensures action with striking clarity. Gamers will appreciate the 0.001ms response time coupled with a high-gloss design, which optimizes contrast and sharpness and accelerates image processing. ConnectShare allows users to connect a USB thumb drive or digital camera to view videos, music playlist and pictures via the remote. Otherwise the same, the 3D-ready D490 series can connect to a Samsung Blu-ray 3D player to play 3D titles or upconvert regular 2D content to immersive 3D.

The D530 and 3D-Ready D550 step-up with Samsung Crystal Full HD Engine (1920 x 1080) chip. By unifying all of the TV's advanced imaging technologies, it expands performance, enhances all aspects of the image, and takes picture quality and image integrity to new levels of excellence. They also incorporate Samsung's exclusive Touch of Color design which integrates texture and color for a seamless look and feel. Last, the D550 is Wi-Fi ready with the addition of an optiona wireless LAN adapte. This allows AllShare DLNA Networking which lets you share content from other digital devices to your TV.

D6500 • D7000 • D8000 Series

Stepping up, the D6500, D7500 and D8000 series feature built-in Wi-Fi for connection to the web and Samsung Smart TV. Built around the Smart Hub interface, Smart TV allows you to easily search for movies, TV shows, browse the web, explore Samsung apps, chat with friends and find many other types of new interactive TV content. The HDTV-based application store has over 200 downloadable Samsung Apps (paid and free) helping people connect to their passions – whether in sports, entertainment, information, games or networking.

The D6500 comes with Silver Square television stand, while the D7000 come with a Titan Square stand and incorporates a Real Black Filter that reduces onscreen glare caused by ambient light, so blacks and shadow details are as crisp and defined as possible.

The D8000 series steps up with Local Contrast Enhancer (LCE) and Cinema Black to further enhance black level performance. It also includes built-in access to Skype, enabling you to make video calls in high-definition from the comfort of your couch when paired with a compatible webcam. And for those seeking the ultimate smart TV experience, the D8000 series includes a remote with QWERTY keyboard, making it easy to search and discover new content.

BRAVIA EX523 • EX620 • EX720 Series

LED Backlit LCD HDTV

Stepping up, the BRAVIA EX523, EX620 and EX720 feature brilliant Full HD (1080p) picture quality with Edge LED backlight. Unlike conventional LCD televisions, they use edge-mounted LEDs to light up the screen and deliver outstanding contrast and dark-scene detail. Other benefits include sharp images, rich color detail and a thin design. They also incorporate Sony's X-Reality Engine for a vivid, lifelike picture experience. This single chip solution features Sony's Intelligent Image Enhancer which divides the signal into four characteristics including texture, outline, contrast and color, and then optimizes each one individually for more vibrant and detailed images.

- With Wi-Fi capability (USB wireless LAN adapter required), you can go beyond scheduled programming and watch what you want, when you want. Enjoy the widest selection of internet entertainment including Hollywood blockbusters from Qriocity, watch hit movies with Netflix, popular TV shows on Hulu Plus, user-generated video on YouTube or listen to the latest music with Pandora.
- Easily connect to family and friends live on your HDTV wherever they are with Skype. Enjoy free high definition Skype-to–Skype video calls from the comfort of your living room. Simply attach a webcam with mic and see your friends on the big screen – it's unlike any experience you could get on a PC.
- Built-in motion sensor has the ability to scan the room and detect movement. If the sensor detects no movement it automatically turns off the picture leaving only sound. After more time and no movement, the TV turns itself off minimizing any unnecessary power draw.
- Access and share photos, videos and music on your TV by streaming them from compatible DLNA device like your PC or Playstation3 system.

BRAVIA NX720 • HX820 Series

Stepping up from the KDL-EX720, the NX720 and HX820 feature Sony's Monolithic Design. Consisting of an elegant sheet of glass stretching from edge-to-edge, the design changes the entire TV viewing environment by delivering the most innovative, stylish, and high-quality experience possible. With quality materials forming a simple, flush viewing surface with crisp edges and a smooth border, the TV's blend into your home's interior and allow viewers to focus completely on beautiful on-screen images without distraction from unnecessary decorative elements. Also, a unique 6° upward tilt option offers a more natural, comfortable viewing experience. The remote control also features a curved top surface (making easier to access the controls) and a glossy outer surface.

- Sony's OptiContrast panel elevates the picture to the front surface of the TV and creates a dark background for rich, vibrant, high contrast picture even in well-lit rooms.
- Dynamic Edge LED Backlight lets you experience enhanced picture quality and contrast with local dimming technology. It sharpens image contrast giving an amazingly crisp picture you can see.

KDL-46NX720 *(SOKDL46NX720)* 46" .....**Call or Log-on**
KDL-55NX720 *(SOKDL55NX720)* 55" .....**Call or Log-on**

Otherwise the same, the HX820 features Sony's X-Reality PRO engine for incredible detail through multi-frame, pixel-by-pixel analysis of each scene. You will see optimal color, contrast and sharpness including in low resolution web videos. Additionally, the engine's multi-frame analysis helps create missing resolution and Sony's Super Bit Mapping technology incorporates 14 bit up-scaling, processing and pixel mapping to smooth gradation and improve the quality of low-tone pictures.
Twice as fast as the NX720, the HX820 features Motionflow ™ XR 480 technology. See smooth motion during fast action movies and sports. Reduces blur caused by quick camera movements, enhances image sharpness, and overall creates a clearer picture.

TOSHIBA

C110 • E210 • G310 Series

720p and 1080p LCD (CCFL) HDTV

The 720p C110 series features 7W + 7W invisible speaker design for realistic sound with enhanced dynamic range, still image and MP3 playback via USB port, and Dynalight™, which automatically adjusts the backlight intensity based on the image content. Users can take control with Native Mode which displays the image edges normally lost to over-scanning. It also offers Gaming Mode, two HDMI inputs, 15-pin PC input, digital audio output and A/V and component input which can be used for gaming and receiving.
The Full HD 1920 x 1080 E210 series steps up with Cinespeed™ LCD panel which has the 8ms or less response speed necessary for high-action movies.
The G310 Series is perfect for sports enthusiasts and action movie fans alike. ClearFrame 120Hz technology doubles the video frames from 60 per second to 120 per second, to virtually eliminate motion blur. Whether watching a football player angling toward the end zone, or eagerly following a high speed movie chase, the picture is crisp and clear.

SL410 • SLV411 • SL415 • SL412 • SL417 Series

720p and Full HD 1080p LED TV

All the features of the C110 series LCD TVs, the 720p SL410 Series makes the visual quality of LED more attainable. It features ultra-thin profile and 60Hz LED Panels with DynaLight technology. For those looking to cut down the clutter in their entertainment systems, the 720p SLV411 Series feature a built-in sleek slot-loading DVD Player (otherwise the same as the SL410). The SL415 Series features built-in Wi-Fi and Net TV with Yahoo! Widgets—everything you need to get instant access to online content and social networking sites. It is also voice control capable and DNLA certified.
For those looking to step up to an affordable big screen LED TV from a standard CCFL model, the SL412 Series features a 1080p resolution CineSpeed LED Panel with DynaLight™ and ClearFrame 120Hz technology on 46-inch and larger screen sizes. Perfect for those who wants fully connected TV experience on a big screen LED TV, the SL417 Series features Toshiba's ultra-thin Blade Design, 1080p resolution CineSpeed LED Panel with DynaLight™ and ClearFrame 120Hz technology, built-in Wi-Fi and NetTV with Yahoo! Widgets. It also offers AutoView which combines an ambient room light sensor and incoming video content monitoring, and then automatically sets most of the TV picture parameters for you. Expert Mode allows for more precise picture adjustments for a totally optimized home theater experience.

TL515 Series 1080p 240Hz 3D LED TV

Toshiba's Natural 3D – also known as Passive 3D – HDTVs, the TL515 Series are ideal for viewers and gamers looking for a great 3D experience at a low cost. With an ultra-slim design, the TVs feature 1080p CineSpeed Plus LED panels with Local Dimming, 240Hz ClearScan technology for smoother action, as well as Net TV with Yahoo! Widgets and built-in Wi-Fi. Take movie watching to a whole new dimension, and let yourself be blown away with the depth and detail of 3D before your very own eyes. Enjoy games and movies in truly immersive stereoscopic 3D.

- With TriVector™ 2D to 3D conversion you can watch all of yur favorite 2D TV programming, 2D Blu-ray Discs, and personal camcorder movies in high quality 3D. Users can even view their 2D digital still pictures in 3D and play their favorite 2D video games in 3D.
- 3D Resolution+ technology automatically upconverts and sharpens 3D sources that are not native full HD – such as top/bottom or left/right formats – to create a consistently high quality 3D experience.

Universal Remote Control

RF-10

The RF-10 is a universal and learning remote that sends IR and RF commands to all home theater A/V equipment. This allows the RF-10 to operate "out-of-sight" A/V components through walls, doors and cabinets when connected to the optional MRF-100 RF receiver.

- Replaces up to 8 different remote controls. Macro programming enables users to take advantage of one-touch operation.
- Punch through operation for control of frequently used functions
- Automate your system with 10 one touch macro buttons, each with up to 50 commands
- Includes thousands of built-in pre-programmed codes
- Total volume control over all components in your system, even those without built-in volume control, such as TiVo, DVD & VCR.
- Retains programming without batteries up to 10 years

#UNRF10 ..... **Call or Log-on**

RF-20

Step-up features from the RF-10

- Replaces up to 10 remote controls
- Create custom text labels on the expanded LCD screen
- 5-way thumbpad for operation of menu-driven devices
- Instantly access up to 40 favorite channels with one button press
- 432 macro buttons, each with up to 190 commands

#UNRF20 ..... **Call or Log-on**

MRF-100B PowerBlaster

An RF receiver, the MRF-100B RF provides an affordable and innovative "whole-house" solution to home theater operation. Converts RF signals from an RF-10 or RF-20 remote to IR commands and sends them to out-of-sight components via built-in front blasters, indoors or outdoors, up to 100' without pointing.

- Hide and operate A/V equipment from a room other than where A/V equipment is located. Control out-of-sight A/V components through doors, walls, cabinets and floors
- Adjust audio system volume or selection while outdoors
- Control out-of-sight A/V components through doors, walls, cabinets and floors

#UNMRF100B ..... **Call**

Digital R50

Controlling up to 18 components, the Digital R50 features a self-explanatory Setup Wizard right on the large color LCD screen for quick and easy configuration—no Internet or PC required.

- Thousands of built-in control codes for your components.
- Learns functions and commands from other remotes
- Instantly access up to 48 favorite channels with one button press
- 1500 macro buttons, each with up to 255 commands
- Friendly features include smart volume control, "Sofa Mode", etc.

#UNR50 ..... **Call or Log-on**

Logitech

Harmony 650

Rechargeable Remote with One-Click Control

Replace five remotes. Colorful LCD screen lets you see what you're doing and offers conveniences like icons for your favorite channels. It can control 5000+ different brands of devices. And the database is constantly updated. You just use the included USB cable to hook up your 650 to your PC or Mac and then connect to the Logitech 650 Web site via your Internet connection. Tell the site what equipment you have and the site will walk you through the setup.

#HAH650 ..... **Call or Log-on**

Harmony One Advanced Universal Remote

Replacing up to 15 remotes, it can control components from any brand with an extensive infrared database that supports over 225,000 devices from 5,000+ brands. And its constantly updated with new components, so it will never be out-of-date. Full-color touch screen provides easy, one-touch access to any entertainment activity. One simple press of the touch screen and Harmony One controls the rest, including turning on the right components in the right order and setting the correct inputs. Sculpted, backlighted buttons in logical zones. Step-by-step guides. *(HAHARMONY1)* ... **Call/Log-on**

Harmony 700

Rechargeable Remote with One-Click Control

Simplify your home entertainment by replacing up to 6 remotes. The H700 features a color screen, rechargeable batteries and one-click control of your favorite activities. Oe-button control lets you simply select what you want to do instead of going through a complex series of button presses. The color LCD screen gives you at-a-glance access to your entertainment options. Comes with rechargeable AA batteries that can go several weeks between charges. When it's time, just connect the remote to the power adaptor and plug it in to recharge.

HAH700 ..... **Call or Log-on**

Harmony 900

Advanced Universal Remote

Can operate up to 15 devices with its extensive database of more than 225,000 devices. You can even keep your A/V gear behind closed doors, as the unit comes with an RF Extender that makes line-of sight control unnecessary.You won't have to turn on each device separately to enjoy your favorite entertainment because the controller does it all for you. The unit features a full-color touch screen that makes it easy to see the commands you are using. The 900 has easy-to-use backlit keys, a convenient Help button, and a guided setup that programs the device over the Web. *(#HAH900)* ..... **Call or Log-on**

Harmony H1100

The perfect complement to a sophisticated living room, the Harmony 1100 puts a brilliant, 3.5", full-color touch screen in your hands. Replacing up to 15 remotes, you'll be able to turn on everything you need with just one touch. And you can customize the controls to get the commands you want, when you want. It's like no remote you've ever used before.

- Palm-sized and rectangular shaped, it's easy to hold whether you're switching channels or turning up the volume.
- Large 3.5" color touch screen lets you see icons and commands, even in the dark. You'll have the commands you want, when you want them. And you'll be able to access all the functions of your devices. Help is even available right on the screen.
- Connect the remote to your computer and you're guided through every step for easy setup.
- With the optional Harmony RF Extender, you can control devices behind closed doors, even those you can't see.
- No complicated lists. Select what you want to do—such as "Watch TV"—and the remote does the rest.
- Rechargeable design (rechargeable lithium-ion battery pack with charging base) means you don't have to worry about batteries.
- Supports 225,000+ devices from 5,000 brands, so you know it will work with what you have today and what you'll add tomorrow.

#HAH1100 ..... **Call or Log-on**

Harmony RF Wireless Extender

Compatible with the Harmony H900 and H1100 remotes, the Harmony RF Wireless Extender offers the ability to control out-of-sight components within an incredible 100' range, even from different rooms throughout your home. This compact, fully addressable extender features four dedicated IR ports, intelligent Z-Wave RF technology, computer setup, and the ability to control up to 8 components within line-of-sight of the included IR emitters. *(HAWRFE2)* ..... **Call or Log-on**

MONSTER

Central and Lighting Control Revolution 200

- Designed like a game controller with an easy-to-grab grip, tactile buttons, and intuitive layout, so you can navigate AV menus easily and quickly.
- On remote set up and configuration of IlluminEssence Z wave lighting scene.
- On remote set up of IlluminEssence ZWave lighting (up to 242).
- Includes Monster EZ Web Set Up Wizard for Q&A s
- Elegant tabletop console design with brushed aluminum accents and high grade doubleshot acrylic materials.
- Z Wave compliant whole home lighting controller

TERK

TV55 Indoor/Outdoor Amplified TV Antenna

Dual mode ultra low noise amplifier allows a choice of the best gain setting for maximum reception. Slim profile, weatherproof design, the TV55 can be installed anywhere—Under the eaves of a roof, on a window sill, outside wall, terrace or used as a roof top antenna.

(TETV55) **56.95**

HDTVo

Directional HDTV Antenna

Maximize your viewing experience. HDTVo has the capability to receive all available UHF, VHF and local HDTV broadcasts. It provides amplification and high gain for high-quality picture even from distant stations. Its UHF element is highly directional and reduces signal interference.

(TEHDTVO) **69.95**

HDTVa

Directional Indoor HDTV Antenna

This amplified indoor TV antenna uses high-gain amplifier to increase range and to enhance HDTV signal reception for your TV entertainment. Installs in just minutes.

TEHDTVA **40.99**

HDTVi Directional Indoor UHF/VHF HDTV Antenna

Tuned for optimum HDTV reception with a unique design that utilizes log periodic elements and dipoles for receiving both UHF and VHF HDTV broadcasts, allowing you to receive more stations. Design accents today's high-tech HDTV sets and tuners.

TEHDTVI **32.99**

HDRO

Outdoor HD Radio Antenna

Designed and tuned to receive digital AM and FM signals. Incorporates an ultra low noise amplifier. Easy to install, mast and wall mount options included.

(TEHDRO) ..... **Call/Log-on**

FDTV1A

Omnidirectional Amplified Flat Digital Antenna

Extremely low noise amplifier provides outstanding reception. Removable amplifier for maximum flexibility. High gain picks up farther stations. 360° reception pattern eliminates constant adjustments.

(TEFDTV1A) **49.95**

FDTV2 Omnidirectional Flat Digital Antenna

Optimized for HDTV reception. 360° reception pattern eliminates need for constant adjustments. 3 way mounting stand and hardware included.

(TEFDTV2) **34.95**

FDTV2A

Omnidirectional Amplified Flat Digital Antenna

Extremely low noise amplifier provides outstanding reception. Removable amplifier for maximum flexibility. 360° reception pattern eliminates constant adjustments. way mounting stand and hardware included.

TEFDTV2A **44.95**

HDRI

Indoor HD Radio Antenna

HD is revolutionizing the way we think about radio and the HDRI helps you hear the difference just a little more clearly. The HDRI's proprietary AM loop technology minimizes interference, and is engineered specifically for digital reception on both AM & FM, for optimal overall radio performance.

TEHDRI **39.95**

VR1

TV Volume Regulator

Easily connects between your TV and satellite receiver, cable box, or DVD player and stops loud commercials and annoying TV volume changes. Connect and forget - works automatically. Great for hearing impaired — raises volume level of hard to hear programs. *(TEVR1)* **26.99**

L-30S

2.4 GHz Wireless Audio/Video Transmitter and Receiver System

Imagine having your A/V components (satellite receiver, DVR, DVD player or a camcorder) in one room and the ability to watch them in another room, even multiple rooms, without running wires. Or being able to listen to your computer's MP3 collection on a pair of powered speakers in another room? Terk's Leapfrog LF-30S is a wireless transmitter/receiver system that does just that. It also gives you the ability to control the A/V source from the other room, so you can actually change the channels on your satellite receiver from the second TV's location. With the purchase of additional receivers, you can use it with multiple TV's throughout your home. *(TELF30S)* **74.95**

SUPERSONIC
